PANAMA CITY, Jan. 15. (AP)—Three flying stars of the air met here today before a crowd of 20,000 that cheered without restraint, as the flyers, Lindbergh, Costes and Lebriz, shook hands on the balcony of the Municipal Building. The airman waved and smiled to those below, and Lindbergh seemed more pleased than at any time since his arrival here.

It had been expected that this meeting would take place at Campo Lindbergh on the arrival of the adventurous Frenchmen, who had flown from Guayaquil, Ecuador, nearly 800 miles, speeding their plane for the first time of this very far-reaching flight. They reached Campo Lindbergh in advance of the unofficial good-will ambassador of the United States, and were on their way to Panama City.

The French aviators were taken to Lindbergh's room. They were leaving the flying field in a car with Foreign Minister Alfaro when they were taken to the Municipal Building, where they were taken to the room of the French aviators.

King's Son-in-Law Wearing Coat of Armor Under

ZAGREB (Croatia), Jan. 15. (AP)—A story amazing even for the Croats, which has produced some remarkable items of Italian news, was published today in the Croat People's Voice as to a duel said to have occurred between Count Calvi, son-in-law of King Victor Emmanuel, and Premier Mussolini. The paper's version of this recent and hitherto unknown duel is that Mussolini desired to strike some new tone in his policy, and to this end he had written a letter to Count Calvi, son-in-law of King Victor Emmanuel, and Premier Mussolini. # HILL TRIAL ENLIVENED BY FIGHTS

Eleven Veniremen Given  
Release After Charge of  
Jury Tampering

OTTAWA (Ill.) Jan. 15. (AP)—Accusations of jury tampering and spectacular clashes between counsel lifted the Harry Hill murder trial from the realm of humdrum jury selection today.

At the opening of court Russell O. Hanson, State's Attorney, elected the courtroom by a demand that Judge Davis discharge the eleven men remaining of the third special venire because one of them had been in contact with a juror.

The eleven finally were discharged, but not until Hanson had a series of wily set-to's with Lee O'Halloran, gray-haired veteran of the Illinois Legislature.

The second venireman is Carl Kratz of Peru, a salesman out of employment. Two veniremen told Hanson that they had seen Kratz in the courtroom.

Kratz was interrogated by the State's Attorney after he was discharged from the venire, but was released.

Hanson told the jury that he was not going to let any one tamper with the jury, and that he was not going to let any one tamper with the jury.

Optimism Over Pact Still  
Evident in Paris

World Peace Plan Given  
Careful Study

PARIS, Jan. 15. (AP)—The French reply to Secretary Kellogg's latest note on the proposed treaty for outlawing of war will be sent to the United States only after it is considered by the entire Cabinet.

Optimism as to the outcome of the negotiations does not appear affected by the objection offered by the American Secretary of State to the latest French proposal, but the American idea to extend the negotiations to the great powers is felt to require careful and ample deliberation.

It still is maintained in official circles that Foreign Minister Briand's original proposal, which was to outlaw war, was not a treaty, but a declaration of principle.

The French government, however, has decided to extend the negotiations to the great powers, and to require careful and ample deliberation.

### HOME TO HOLD HARDY'S HEART

Native Dorset Claims Relic of  
Great Author

Niche in Westminster Abbey  
for Poet's Ashes

Writer to Lie With England's  
Most Famous Sons

LONDON, Jan. 13. (AP)—Thomas Hardy's heart will be buried in the little churchyard at Dorset, where the bodies of his parents repose. This is only a mile or two from the Hardy home at Dorchester, where the famous poet and novelist died.

This decision was taken as a compromise to meet the extreme disappointment voiced by members of his family and his old neighbors that the body of the great writer would not be laid to rest in his native Dorset.

### THREE HANGING APPEALS FAIL

Kelly, Shannon and Cornell  
Sentences Affirmed

Decision of Supreme Court  
Marks "Jinx" Day

Execution Dates to be Fixed  
by Trial Tribunals

SAN FRANCISCO, Jan. 13. (AP)—The California Supreme Court today affirmed the death sentences imposed on three murderers. Those who found today one of the unluckiest of their lives are Clarence (Buck) Kelly, William C. Shannon and Ode Cornell.

Their appeals having failed, dates for their execution must be fixed by the trial courts.

Kelly went on a rampage here on October 11, 1933, accompanied by Michael Papadachos, and during the evening shot and killed three men and wounded three others.

First the men killed Walter Swenson, a taxi driver, after taking him to a lonely spot. Then Kelly took Swenson's cab and hanged and shot him. Kelly was charged with the murder of three men and the attempted murder of three others.

### JINX GETS LAST LAUGH AT PAIR

Army Men Jump From Plane  
on Friday, Thirteenth,  
and Land in Hospital

WASHINGTON, Jan. 13. (AP)—Two army men, one a major, who made parachute jumps from an airplane over Bolling Field today in a deliberate attempt to lay the superstition about Friday, the thirteenth, finally landed in a hospital.

Maj. Carey L. Crockett, infantry student at the Army War College, and Private Earl Hasty, of Bolling Field, jumped from a Douglas transport plane 3000 feet in the air and were precipitated to the ground with such force that both had to receive treatment for injured underparts at the field hospital.

Crockett hurt his ankle slightly, but Hasty suffered a bad sprain.

### STRANGLER DIES AT NOOSE'S END

Canadian Justice Takes Its  
Toll of Murderer

Twenty-two Killings Laid to  
Escaped Maniac

WINNIPEG (Man.) Jan. 13. (AP)—Earle Nelson, the "dark stranger," was hanged today for the murder of Mrs. Emily Peterson.

The hanging ended the grim story of a criminal trail, winding from the Atlantic to the Pacific, along which the police ascribed twenty-two murders to Nelson's brutality.

Known both as "the stranger" and "the gorilla man" because he is believed to have strangled all of his victims, Nelson paid the penalty today for the murder of Mrs. Peterson, mother of two children, in Winnipeg, June 10, 1927. He had been indicted also for the killing of 14-year-old Lela Cowan, Winnipeg schoolgirl, whom he was accused of strangling.

Industrial Commission Seeks  
Causes of Coal Walkout

WALSBURGO (Colo.) Jan. 13. (AP)—Salvatore Martinez, 30 years of age, died today from bullet wounds received in a clash between striking miners and state police on the streets here yesterday.

His death brought the total in yesterday's fight to two and raised the total of striking coal miners who have been killed since the I.W.M. called the coal strike Oct. 18, 1927, to eight.

Klement Chaves, 35, was killed yesterday and on Nov. 21, 1927, six strikers were shot and killed by state police at the Columbine mine in North Colorado.

### SENATE TARGET OF ROGERS

Humorist at Jackson Day Dinner Looses Keenest  
Shafts of Wit at Upper House

WASHINGTON, Jan. 13. (AP)—Will Rogers was a speaker at last night's Democratic Jackson Day dinner but there were so many other speakers ahead of him that he had to wait until 1 o'clock this morning to do his stuff.

He paid them off, however, with his first quip:

"We ought to be home by now, but Rogers said: 'It opens with a prayer and closes with an investigation.'"

"They investigate how much each paid to get in and if one paid more than they did, they throw him out. The House never minds how much a member paid to get in because it figures if he did pay he's a sinner."

Will said he didn't know much about Amy Jackson, but from what he'd read he liked "a nip now and then."

"I wonder he was sound on principle," the comedian added.

"I've got no message, even if we stay here a week, but all you other guys had one. You said it's a big moment and you want about one hundred million dollars for the Anti-Slavery League and asked 'em how it was.'"

Reed, joined as heartily as the others in the laughter.

### NOVELIST'S WISH

Reverend of the St. Basil  
Church Has Been the Moving  
Spirit in the Matter and  
Not the Permission of  
the Widow and Other  
Executors

Mr. Cowley possesses a letter written by Thomas Hardy to the permission of the widow and other executors, expressing his desire to rest at St. Basil, in characteristic language:

"Dear Mr. Cowley: I am glad to hear that you are still in the same position some day."

Hardy's wish was to find his resting place in the "Poet's Corner" of Westminster Abbey.

Overcoming the spot tentatively allotted to the remains of the distinguished novelist, died Wednesday, will be the wish of Longfellow, England's contribution to the corner in honor of an American.

Next to the Hardy grave will be the grave of Dickens, nearby the monument to Shakespeare and just a bit farther away the graves of Coleridge, Milton, Goldsmith, Keats, Keble, and Ben Jonson.

### SLAYER APPEALS

Papadachos was arrested shortly  
after the crimes were committed  
and Kelly was arrested a week later  
after being shot and wounded.

Papadachos turned state's evidence. Kelly was tried on three murder counts and appealed on the ground that his rights to a constitutional and common-law jury trial were denied because he did not get separate trials on each count.

The Supreme Court held that when the crimes asserted were so closely related the defendant's interests were not jeopardized by one trial for all the counts, and that the trial court could decide whether such interests were being jeopardized and, if so, allow separate trials.

### OIL RULING HELPFUL TO AMERICANS

Interpretation of Law as  
Amended Proves of Aid in  
Confirmatory Row

WASHINGTON, Jan. 13. (AP)—Further evidence of the sweeping effect of the recent Mexican Supreme Court decision on the oil controversy between Mexico and the United States came today with publication by the State Department of an interpretation of the amended Mexican oil laws given by Secretary McNamara to the Mexican Department of Industry.

The interpretation was given to E. M. Galt, of the Bureau of the American Petroleum Company, and it says Mexico believes that petitions of oil companies for "confirmation" of concessions still in force under law "do not imply the renunciation of rights acquired before May 1, 1917, such concessions being subject to the recognition of rights which will continue in force subject only to police regulations."

### PROTESTS INNOCE

Police said that Nelson, on February 20, 1928, was sprung at 7:45 this morning in the Provincial Jail court yard.

Nelson protested his innocence to the jail and said he "forgot" all those who had testified against him. At 7:55 a.m. fifteen minutes after he was sprung, Nelson was pronounced dead.

The trap was sprung at 7:45 this morning in the Provincial Jail court yard.

Nelson was composed as he marched to the scaffold between his guards. He spoke for a moment with the priest who accompanied him and then a brief statement denying his guilt.

### TRAFFIC BOARD'S Powers Worry Railway's Head

BOSTON, Jan. 13. (AP)—A spirited attack on the powers of the Interstate Commerce Commission, during the course of which he demanded a re-evaluation of its functions, was made here by Fred W. Sargent, president of the Chicago and Northwestern Railway Company.

Sargent, who spoke before the Massachusetts Bankers' Association, asserted that the present system of transportation is based on an antiquated basis and that the Interstate Commerce Commission is a relic of a bygone era.

### SWEETHEART SLAYER TESTED FOR SANITY

PLACERVILLE, Jan. 13. (AP)—The same jury which yesterday found Guy Trumbo, Sacramento youth, guilty of murdering his sweetheart, Miss Mary Lorenson, today heard evidence bearing on his sanity. If Trumbo is found sane, he must pay the death penalty as the jury did not accompany its verdict with a recommendation for clemency.

Reminding his audience that William Trumbo was a well-known and popular figure in Placerville, the jury heard evidence bearing on his sanity. If Trumbo is found sane, he must pay the death penalty as the jury did not accompany its verdict with a recommendation for clemency.

### NICHE FOR POET

It is planned today that as soon  
as the Sunday service in the abbey  
is over, workmen will erect a  
stone slab which occupies the  
floor of this spot and construct a  
niche in which to place the remains  
of the poet.

Monday morning honors are to be paid Hardy's remains as he is to be buried in the abbey and at the little church at Dorchester, where the body of his family are buried and where he himself had expressed a desire to rest.

### PAIR CONVICTED ON STORY ABOUT Mrs. McPherson

### Schwab Speaks for Arbitration

NEW YORK, Jan. 13. (AP)—Charles M. Schwab, president of the American Iron and Steel Institute, speaking before the Lawyers Club today, declared he will attempt to have the institute adopt a resolution embodying the principle of commercial arbitration throughout the steel industry.

He explained that by this plan disputes arising in the trade will be settled before an arbitration board instead of being carried to the courts.

## LONG BEACH CLEANS HOUSE

Thorough Shake-up of Police Department Looms as Chief of Detectives is Ousted for Cause

LONG BEACH, Jan. 13.—A thorough clean-up of the Long Beach Police Department and the ousting of several of its officers loomed here today, following the summary dismissal by Councilman action, of John B. Worley, chief of detectives, "for the good of the department."

Acting on the recommendation submitted at today's Council meeting by City Manager Colahan, six of the eight Councilmen voted to oust Worley, "for conduct unbecoming of good order and discipline," after Attorney Bruce Mason, Worley's legal representative at the meeting, pleaded for the detective chief's vote.

"Our action in ousting the dismissal of Capt. Worley is only a beginning. There are more men in the police department than we want to get rid of and I hope you have the nerve to back me up," City Manager Colahan told the Council in his address to the body.

Worley's dismissal followed a hearing on the charges brought by a self-confessed bootlegger, that Worley had accepted a bribe of \$1000 and a promise on the part of the bootlegger to pay \$500 more in Captain Worley's office at police headquarters during the hearing.

The alleged incident took place New Year's Eve, the testimony declared.

### NEW YORK CURB STOCKS

**NEW YORK, Jan. 13. (P.)**—A long list of oil stocks sprang into prominence today on the New York curb market, with advances ranging from 1 to nearly 5 points. Aside from oil interests centered in several industries which promise to benefit from a good year in the motor trade. Bohn Aluminum's strength probably was due to reports that the automotive industry will use a large amount of aluminum this year than ever. ## BEAUTY REIGNS IN EXHIBIT HOME

No. 1 House in Group Soon to Be Shown Worth \$39,500

Edifice in Cromwell Avenue Off Los Feliz Boulevard

"Times" Domicile Will Open on the 22nd Inst.

How to make a costly house pay for itself in tasteful beauty and practical comfort will be demonstrated in House No. 1, the \$39,500 dwelling located at 4864 Cromwell avenue, in the Los Angeles Times exhibit home. This house, like the other five houses forming the exhibit, will be finished completely and opened for public inspection from the 22nd to 29th inst.

## IT WAS THE FRIDAY THE 13TH

New that it's all over, with nothing of major interest to report in the way of disasters or calamities, custom may be followed and the fast recorded that yesterday was Friday the thirteenth. The black cats were no blacker, step-ladders no more deadly, and broken mirrors no more numerous. However, there must be accidents in the dog's nose, so here they are:

The elevator in the old City Hall went out of commission for the first time this year. The hoodoo of the day was too much for the aged lift and it quit. Citizens were forced to climb the rickety old staircase, which was known forty years ago as the "grand stairway," to the Council chamber on the second floor.

And Evelyn Pierce, motion-picture actress, was arrested in Santa Monica for speeding. The officer, Motorcycle Officer Clark, however, was able to deny that he was No. 13 on the police force.

Police Court in Santa Monica held back one hour, so far as the calendar was concerned, when Serg. Buck returned from turning over the case so long as possible. "I put it off as long as I could," he stated.

Entered into this more or less untidy world on Friday the 13th—that's what happened to a little dark-haired bit of humanity who arrived at St. Mary's Hospital, Long Beach, at 6:30 o'clock yesterday morning. The baby was born to Mr. and Mrs. Peter Block, 1203 Olive avenue, Long Beach, and is the first twin to be born in Long Beach in the year 1928.

The family of James F. McBrady, Glendale attorney, has joined to disprove the hoodoo that usually is associated with the number thirteen. This lack of respect for the number that is usually believed to be freighted with trouble began when Mrs. McBrady was born on December 13, the thirteenth child in her family. In keeping with the family tradition, the hoodoo number, thirteen, was not used in the naming of the child. Mrs. McBrady yesterday formally adopted a baby who was born November 13, and who has been named Gordon Elliott McBrady.

It turned out to be a lucky day for G. E. Cookson, 26 years of age, 434 West Seventy-fourth street, an electrician, as well as for a number of pedestrians who were on the street light "standards" at Third and Hill streets when suddenly, for no good reason, it toppled across the sidewalk. Cookson was on the outside, however, and managed to fall clear, sustaining no injury other than a wrenched ankle. Although the house was passing at the time, pedestrians saw the pole about to fall and escaped.

## FAKE JULIAN STOCK KNOWN

Identification of Overissued Shares Expected to Have Far-Reaching Effect on Tangle

Identification of the spurious certificates issued as stock by officers of the Julian Petroleum Corporation prior to the company's collapse has been made possible and will be one of the major blows aimed at the Julian case, it was revealed last night by Chief Deputy District Attorney Davis.

## SIR THOMAS GOES AWAY MOURNFUL

Tea King Wishes He Could Live Here, He Declares on Eve of Departure

California possesses greater allure for Sir Thomas Lipton, international sportsman and tea merchant, than does the far-famed and much-advertised Riviera, and only business and home ties of three-quarters of a century prevent him from spending the closing years of his life here.

## HUNDREDS BUSY ON FIRESTONE RUBBER PLANT

Great activity is taking place on the site which is to be occupied by the Pacific Coast plant of the Firestone Tire and Rubber Company just west of South Gate. There now are between 200 and 300 men at work at the site, pouring cement for the foundations of the new structures and putting up the steel frames. A large number of teams also are busy on the site.

## Today's Bible Text

The all sufficient one: Thou compassed my path and my lying down, and all my ways. For there is not a word in my tongue, but lo, O Lord, thou knowest it altogether. Psalm cxxix, 2, 4.

**The Lancer**  
By Harry Carr  
THE execution of Mrs. Snyder is a stout victory for the law. If her lawyers had been able to get away with their plan to keep her out of the chair by summoning her as a witness in a civil lawsuit, she never would have been executed.

**MOB LAW**  
Take it from me—if criminal lawyers are permitted to go on blocking and bawling the law, we are due for a horrible de-bauch of mob law. And keep on bringing suits.

"Home Happiness" Cake—Take one cupful of common sense, a half cupful of justice, one and a half cupful of love, and mix with one and a half cupful of mutual confidence. Add two large portions of common sense, and mix with one and a half cupful of mutual confidence. Bake in the moderate oven of warm approval. Use with generous appreciation.

Fair women of the City of the Angels, let me cast my good counsel before you. Some of you will find worth their weight in precious metals. The news herein from your stores is, indeed, to your interest. Then follow me, if not in person, by proxy.

To clean curtains use pure white soap and warm water and plunge it up and down; rinse several times in clear water. Do not wring; hang up, inside out, dripping wet to dry; do not iron, use a brush when dry (but one way).

Fire-making helps—Have the shortening very cold. The shortening, serve with a little water, add a little water as possible to make pastry stick together; never add either shortening or flour after water has been added—(it will mean tough crust).

## Supper

Supper you have planned a quiet evening alone and then the telephone bell rings, and before you know it a four-course dinner has been arranged—such things do happen very frequently, you know—Are you dismayed because you haven't prepared anything to eat? You might have been in the past but now that you have been forewarned by knowing the most marvelous things to eat imaginable.

For instance, here is one that is a great favorite. It is a Welsh Rarebit but so different from the ordinary Rarebit because it is made with a special "Treasure" recipe book prepared by the most marvelous things to eat imaginable.

1 tablespoonful butter.  
1 lb. (approximately 2 cupfuls) of soft melted cheese cut in small pieces.  
1 teaspoonful mustard.  
Few grains cayenne.  
Dash of paprika.  
1/3 cupful Chianti Cooking Sherry.  
1 egg.

Put butter in chafin dish or top of double boiler and when melted add cheese and seasoning. As the cheese melts add the sherry gradually stirring constantly. When cheese is entirely melted stir in slightly beaten egg and serve at once on toast. This is enough for four servings.

Now in order to get the book of "Treasure Flavors" write to the Italian Vineyard Co., 1246 Palmdale St., who, as all old residents know, have the largest vineyard in the world and to whom we are indebted for this delicious Cooking Sherry which has been used to make a New Year's resolution and all of us are forgiven for procrastinating. You will find the work these people do most satisfactory and extremely reasonable.

To freshen stale bread, wrap the loaf in wet cloth for a minute, then remove and bake in a slow oven for one-quarter to one-half hour.

When you have slip covers made be sure to secure the services of the West Coast Slip Cover Co., 1638 W. Eighth St., because their work can not be too highly praised. Not only do they make slip covers but they also begin with them and continue to fit them after laundering—which after all is the acid test. You may call for an estimate, DR331 6728.

When scrubbing linoleum add a little paraffin to the water to take out all dirt and grease and give it an excellent polish. Rub paraffin oil well into linoleum.

Of course you are delighted with our Mail "Make-up" after even one trial, but it is not to be wondered at for who wouldn't be pleased to look ten years younger after the use of so satisfactory a preparation as DuMoi's "Make-up"? And who wouldn't be enthusiastic after seeing one's beauty so enhanced? DuMoi's "Make-up" isn't greasy, it is a cosmetic system that goes on smooth as kid and oh, it is lovely! For a demonstration and to buy, write to the DuMoi Laboratories, 1331 Sunset Blvd. Mutual 6913.

When sending stamps for return postage attach them by a small spot of adhesive tape. Remove the glue around the edge untouched.

Remove from fire and run through a colander or coarse sieve. If quantity does not equal three cupfuls, add hot water. Next, mix in two cupfuls of cold milk and pour, a half cupful of chopped parsley, and a medium size tomato cut into small pieces. Add the tomato mold and place on ice. Serve in slices garnished with parsley. Sufficient for six portions.

**QUESTIONS AND ANSWERS**  
Question: P. C. asks: Is it safe to marry a person who has had consumption in the first stages and is now cured?

Answer: One who has had tuberculosis can usually get perfectly well and there is no reason why she should not be married. A woman who has been tubercular must be sure she has completely recovered before the subjects herself to the order of childbirth.

Q. A. L. asks: What am I to do for a stubborn case of St. Vitus dance of ten years' standing? I am a young man in the twenties.

A. You should take a fruit juice fast for at least ten days which should be followed by a carefully planned diet in order to cure yourself of any tendency to nervousness. Also take systematic exercises, using only those exercises which require slow movements and where it is necessary to use increased strength each day.

**POLICE IDENTIFY GIRL SHOPLIFTER**

A girl who was arrested recently under the name of Mary Smith on a charge of shoplifting and sentenced to serve thirty days was identified last night by Captain of Detectives Donaghy as Miss Rose Glavin, 20 years of age, who disappeared from her home in Salt Lake City, Utah, last October, having taken a railroad ticket to Los Angeles belonging to her brother. She got off the train at Millard, Utah, and had not been heard of again until her identification last night.

**QUESTIONS AND ANSWERS**  
Question: P. C. asks: Is it safe to marry a person who has had consumption in the first stages and is now cured?

Answer: One who has had tuberculosis can usually get perfectly well and there is no reason why she should not be married. A woman who has been tubercular must be sure she has completely recovered before the subjects herself to the order of childbirth.

Q. A. L. asks: What am I to do for a stubborn case of St. Vitus dance of ten years' standing? I am a young man in the twenties.

A. You should take a fruit juice fast for at least ten days which should be followed by a carefully planned diet in order to cure yourself of any tendency to nervousness. Also take systematic exercises, using only those exercises which require slow movements and where it is necessary to use increased strength each day.

**POLICE IDENTIFY GIRL SHOPLIFTER**

A girl who was arrested recently under the name of Mary Smith on a charge of shoplifting and sentenced to serve thirty days was identified last night by Captain of Detectives Donaghy as Miss Rose Glavin, 20 years of age, who disappeared from her home in Salt Lake City, Utah, last October, having taken a railroad ticket to Los Angeles belonging to her brother. She got off the train at Millard, Utah, and had not been heard of again until her identification last night.

## Household Needs

Supper you have planned a quiet evening alone and then the telephone bell rings, and before you know it a four-course dinner has been arranged—such things do happen very frequently, you know—Are you dismayed because you haven't prepared anything to eat? You might have been in the past but now that you have been forewarned by knowing the most marvelous things to eat imaginable.

For instance, here is one that is a great favorite. It is a Welsh Rarebit but so different from the ordinary Rarebit because it is made with a special "Treasure" recipe book prepared by the most marvelous things to eat imaginable.

1 tablespoonful butter.  
1 lb. (approximately 2 cupfuls) of soft melted cheese cut in small pieces.  
1 teaspoonful mustard.  
Few grains cayenne.  
Dash of paprika.  
1/3 cupful Chianti Cooking Sherry.  
1 egg.

Put butter in chafin dish or top of double boiler and when melted add cheese and seasoning. As the cheese melts add the sherry gradually stirring constantly. When cheese is entirely melted stir in slightly beaten egg and serve at once on toast. This is enough for four servings.

Now in order to get the book of "Treasure Flavors" write to the Italian Vineyard Co., 1246 Palmdale St., who, as all old residents know, have the largest vineyard in the world and to whom we are indebted for this delicious Cooking Sherry which has been used to make a New Year's resolution and all of us are forgiven for procrastinating. You will find the work these people do most satisfactory and extremely reasonable.

To freshen stale bread, wrap the loaf in wet cloth for a minute, then remove and bake in a slow oven for one-quarter to one-half hour.

When you have slip covers made be sure to secure the services of the West Coast Slip Cover Co., 1638 W. Eighth St., because their work can not be too highly praised. Not only do they make slip covers but they also begin with them and continue to fit them after laundering—which after all is the acid test. You may call for an estimate, DR331 6728.

When scrubbing linoleum add a little paraffin to the water to take out all dirt and grease and give it an excellent polish. Rub paraffin oil well into linoleum.
